

TAYLOR'S VALET IS CAUGHT ON TRAIN

But Won't Acknowledge Identity—Says He Knew Slain Man and a Woman Did It

(By Associated Press)

Topeka, Kans., Feb. 10.—A man held in the Shawnee county jail here, who was taken from a train Wednesday night, answers the description of Edward P. Sands, secretary and valet to William Desmond Taylor, murdered motion picture director, officials today announced.

The man gave the name of Walter S. Underwood. He admitted he knew Taylor but denied he knew anything about the murder. He corresponds to every identification mark, even to scars on the cheek, to the description of Sands.

"It was a woman who did it," Underwood said, when questioned about the murder. "I know nothing about it but it was jealousy that caused it." He said he had been at Taylor's house several times attending parties which he said were wild, and at which both drugs and liquor were served. He said he had seen both Mabel Normand and Mary Miles Minter at Taylor's house but not at the same time.

Underwood maintains he left Los Angeles Wednesday night shortly after Taylor was killed.

HAYNES TELLS WHY COUNTRY ISN'T DRY

(By Associated Press)

Columbus, O., Feb. 10.—"Apathetic citizens" and "lethargic public officials" are the two outstanding difficulties standing in the way of better enforcement of the prohibition laws, Major Roy Haynes, National Prohibition Commissioner, declared in an address here today at the state dry enforcement convention. Meanwhile, he said, 36 paid organizations are striving day and night to accomplish that impossible feat of causing the repeal of the 18th amendment.

FANS EVIDENTLY DO NOT WANT A TEAM

Indications are that Richmond will not have a team in the new Blue Grass League.

Many fans say they'd like to see Richmond represented but so far no one has been found to "go to the front" and take hold of the work of making an organization. A lot of the fans are willing to put up their money but it's a hard matter to find a man who is willing to sacrifice his business and time and go out and make up the money to attend to the thousand and one details of putting a team in the field.

Then there is the question of a suitable playing ground. Several sites have been suggested but there's some hitch connected with one so far thought of. A lot of money would have to be spent in grading, or building a grand stand, or other necessities to put the grounds in shape to play on.

The meeting called for Thursday night at the Richmond Motor Company was attended by exactly four fans. After canvassing the situation, they decided that unless some one comes forward to take hold of the matter and give some work and time to it there is no use going any further with the matter.

DOBROWSKY SELLS OUT AFTER 25 YEARS

After almost a quarter of a century in Richmond, during which time he has amassed a comfortable competence, A. Dobrowsky has sold his business and will move to Cincinnati to make his home. His family have been there for the past year, while Mr. Dobrowsky waited until he could find a buyer for his property. The purchaser is Louis Glaser, from Mississippi, and he has taken possession of the store and stock of goods which Mr. Dobrowsky has operated so long on First street. Mr. Glaser comes well recommended and steps into a nice business, and has the good wishes of everyone. The departure of "Dob" as Mr. Dobrowsky is known to his intimate friends, removes a landmark from Richmond. Mr. Dobrowsky and family came to the United States from Russia over 25 years ago. They first settled in Cincinnati and then came to Richmond. No man was ever a more law abiding, upright and reliable business man than this humble Hebrew merchant. He leaves Richmond with the esteem and good wishes of everyone.

WE WANTED A CHANGE

We were getting a dollar six bits for our corn. We could sell every hide from the hoof to the horn— We wanted a change and we got it.

Wow we're getting a quater for corn. Its so cheap That we burn it for fuel, our toes to warm keep We can't sell the hides, so we bury them deep— But we wanted a change and we got it.

The poor working man pulled down eight buck a day. Now he's darn glad to work for half of that pay— But we wanted a change and we got it.

There was wor kaud plenty for every man's son. And warm food and shelter when the work was done; Now millions are idle, heretofore there was none— But we wanted a change and we got it.

Mr. Wilson spent quite a long time "over there;" For peace he was fighting, but what did we care— We wanted a change and we got it.

Now all that we read of is golf and vacations. Gay week-ends at summer resorts and plantations; Not what we expect from the head of a nation— But we wanted a change and we got it.

We were prosperous and happy, well fed and gay. Now millions of children go hungry each day— We wanted a change and we got it.

Meanwhile we hear this: "It was certa in to come— Reaction from war time;" and war three years done. If we wanted a lemon we sure did pick one— We wanted a change and we got it.

ALL VOTERS IN STATE MAY HAVE TO REGISTER

Frankfort, Feb. 10.—Democratic Senators and Representatives in a caucus held at the Capital Friday night went on record as favoring the passage of a general registration law requiring every voter in the state to register once for a lifetime.

The bill is to be taken up in the House next Wednesday afternoon and rushed to passage, it was decided.

The law, to be sponsored as a party measure, is slightly different from that incorporated in a bill introduced by Representative C. D. Minor, of Boyle county, and is to be brought forward as a substitute to Mr. Minor's bill by Representative Ira D. Smith, of Christian county.

Mr. Minor and Mr. Smith explained the provisions of the bill at the caucus last night. It provides that each voter shall register next July when two days shall be set aside for that purpose.

Four registration officers to be selected in the same manner as are election officers are to keep open the polls of each precinct after the registration.

The voters are to receive certificates which they will have to present at the polls when they wish to vote.

Sixty days before election an other registration day is to be observed when those who failed to register will be given an opportunity.

This first registration is to be good for life if the voter does not move, in which case he can change his certificate to another precinct by applying to the County Clerk.

Registration will be observed annually in July, when those who have become of age during the year, or have moved from other parts of the country, will be given a chance to register.

Registration in the future is to be limited to one day, under the provisions of the bill.

TO ELECT COUNTY SCHOOL HEADS AGAIN

If Senate Concurs In Bill Passed By House Thursday—Doings In Legislature

Frankfort, Feb. 10.—The Kentucky House of Representatives Thursday afternoon by a vote of 70 to 10 passed a bill to provide for the election of County Superintendent of Schools by the voters. An amendment to the bill permits those now holding office to continue until 1925, when the first election is to be held.

By a vote of 68 to 17 the House passed Representative Harry Meyers' bill to prohibit the use of "daylight saving" or other than the standard central time except on proclamation of the Governor. Mr. Meyers made a short talk, in which he pointed out the inconveniences that resulted when some cities have daylight saving time and other do not.

Representative W. A. Adams, who like Mr. Meyers, lives in Covington, opposed the bill on the ground that daylight time in Cincinnati forces Covington to Newport to adopt it. He was opposed to daylight saving time, he said, but thought the state would be in the same position under Mr. Meyers' bill as other cities are now.

The House also made Speaker James H. Thompson's taxation bill a special order for 11 o'clock Friday morning. Representative H. R. Lawrence, Trigg county, made the motion, saying that there are certain matters of importance which must be made special orders so that they may be taken up with the proper care. The declaratory judgment bill was made a special order for 11 o'clock next Wednesday.

The House adjourned at 3:20 o'clock.

Senator H. V. Bell's bill to strengthen the compulsory education law of 1920 was brought out as a special order when the Senate reconvened at 2 o'clock after a recess for lunch. The bill was passed by a vote of 30 to 0. Senator George Baker explained his bill to promote and to extend the provisions of the vocational rehabilitation law. The bill would provide for the training of persons who have physical handicaps. He explained that no direct appropriation is provided, but that the necessary funds would be procured from compensation insurance. The bill was passed by a vote of 21 to 0.

Senator Newton Bright of Eminence, introduced a concurrent resolution that the General Assembly ask Congress to grant farmers, planters, manufacturers and others who lost money in 1921, income relief tax. The resolution was adopted. The Senate adjourned at 2:45 o'clock.

NO NEW DOG LAW IS YET PASSED

Sheriff Elmer Deatherage desires to call attention of dog owners to the fact that the bill exempting one dog free of tax has not yet become a law and there is no assurance that it will. It has only passed the lower House at Frankfort. Even if passed by the upper house or senate, it would not become effective until June. Advices from Frankfort are that the bill has little chance to get through the senate. Sheriff Deatherage wants to warn his dog owning friends that it's best to come in at once and pay their dog tax and not take a chance of having any action taken against them.

AGREED JUDGMENT IN BIG WILL SUIT

Mrs. Catherine Hurt Gets \$2,500 By Settlement—Charley Lanter Loses His Dog Suit

The last two or three days in circuit court have been taken up with civil actions. Court adjourned late Friday until Monday. No more indictments have yet been returned by the grand jury.

James Adams was given judgment for \$750 against Glenn Millon, for injuries alleged to have been caused to Adams' arm when he was cut by Millon in an altercation. Adams sued for \$10,000.

A home dog case occupied much of the court session Thursday afternoon and Friday morning. A car belonging to W. E. Luxon ran over and killed a fox hound belonging to Charley Lanter. The car was driven by Ed Golden working for Luxon at the time. Lanter sued for \$200 damages for loss of the dog, claiming that it was caused by negligent driving. The jury evidently didn't take that view of the matter, however, for they found for Luxon.

An agreed judgment was reached in the suit of Mrs. Catherine Hurt, of Garrard county, against Salem Ross, of the Kirksville section, and other heirs of the late Mrs. Salem Ross. Mrs. Hurt is a sister of Mrs. Ross. In her will Mrs. Ross left all her property to the heirs of her dead sister, Mrs. Wells. Mrs. Hurt contested, and the agreed judgment gives her \$2,500. Attorney C. C. Wallace represented Mrs. Hurt and Attorney A. R. Burnam the defendants.
